

#gointernational: Software commissioning engineer (m/w/d)

full time / Zagreb, Croatia

The position is open at Demateh d.o.o., a 100% member of KNAPP group and a leading provider of solutions in automation and industrial logistics in south-east Europe. KNAPP group is a global provider of intelligent automation solutions for intralogistics and manufacturing on around 50 locations worldwide. We work tirelessly to turn visions into a reality and set new standards in the industry – that's why we need the grit and dedication of all our >5.000 employees all over the world. Knowing that dedication makes all the difference in terms of success, we focus on ensuring that KNAPP is a great place to work. We offer an international environment that is down to earth, offers growth prospects, welcomes individuality and promotes team spirit.

#yourmission

- In the beginning of a startup project, you prepare the software at the Demateh office in Zagreb and make it work in a test environment
- You travel to our customers around the globe to install, configure and test the software on site
- You work with standards and create software adaptations and extensions
- During the start-up phase, you support our customers with tests and training
- Once back at the office, you document the project and hand it over to further departments for subsequent processing
- In each project, you collaborate with different departments and specialists from our international subsidiaries

#youareknapp

- You have completed an IT education and ideally already have first working experience in the field
