

We're Hiring in Osijek

Join our new greenfield project! Jabil is establishing a new manufacturing facility in Osijek, Croatia. This expansion is a strategic move that aligns with Jabil's focus on long-term secular trends and growth in renewable energy, electric vehicles, healthcare, 5G, and cloud.

The new facility will serve as a hub for Jabil's continued commitment to innovation, sustainability, and delivering comprehensive manufacturing solutions to our customers and will employ over 1,500 people when fully operational.

Opportunity in Test Engineering for Fresh Graduates!

At Jabil, we believe in developing talented individuals like you and encourage you to take the first step in your career journey with us.

In the Field of Test Engineering, you will be able to get familiar with different areas of Testing like ICT, Functional, X-ray, Failure Analysis and more, as we like to say - the possibilities at Jabil are limitless!

We are looking for fresh graduates in the field of electronics with the right engineering mindset, ready to begin a new, fast-paced learning opportunity!

Make a significant impact, [apply](#) today!

JABIL

MADE POSSIBLE.
MADE BETTER.
